"Isn't she a lot of fun," Kath agreed. "She's talking Casey into teaching her to be an architect. She could do it too. She's an intelligent woman. Have you known her long?". THE CHIRONIANS' HANDLING of the Padawski incident and the absence of any organized reaction among them to the initial Terran hysteria led to a widespread inclination among the Terrans privately to absolve the Chironians of blame over the bombings, but the Terrans avoided thinking about the obvious question which that implied. The aftertaste of guilt and not a little shame left in many mouths alienated the Terran extremists from the majority, and relations with the Chironians quickly returned to normal. Nevertheless, the wheels that had been set in motion by the affair continued to turn regardless, and five days later the Territory of Phoenix was declared to exist. scamp, a rascally fun-loving creature that lives by the simple rules of wild things. "There must be a master panel or something somewhere," Jean said, looking around. "How about that?" She tripped down the two shallow steps into the sunken section of the floor, sat down at one end of the sofa, end lifted a portable flat screen display/touchpanel from a side-pedestal. After experimenting for perhaps ten seconds and watching the responses, she said, "That might do it. Try again." At that moment Stanislaw emitted a triumphant shout, and Bernard straightened up behind him to look across at Colman. "He's done it!" Bernard exclaimed. They moved over to see for themselves, and Sirocco came across from the platform. The rest of the mess hall quieted down. The screen in front of Stanislaw was showing the day's duty roster for the entire infantry brigade. playful, she bounds forward, snatches a muzzlefur of plaid, and jerks the stranger off his feet. The man. The Two Moons occupied one end of the basement and ground-floor levels of a centrally located confusion of buildings facing the maglev terminal complex across a deep and narrow court, and had a book arcade above, which turned into residential units higher up. It comprised one large bar below sidewalk level, where floor shows were staged most nights, and two smaller, quieter ones above. Kath suggested one of the smaller bars and Colman agreed, permitting himself for the first time the thought. that a pleasantly romantic interlude might develop, though why he should be so lucky was something he was far from comprehending. If it happened, he wasn't going to argue about it. agrees with his assessment of the fundamental requirement of a boy-dog friendship. Colman was becoming irritated again. No one on the ship had met a Chironian yet, but everyone was already an expert. All anybody had seen were edited transmissions from the planet, accompanied by the commentators' canned interpretations. Why couldn't people realize when they were being told what to think? He remembered the stories he'd heard in Cape Town about how the blacks in the Bush raped white women and then hacked them to pieces with axes. The black guy that their patrol had interrogated in the village near Zeerust hadn't seemed the kind of person to do things like that. He was just a guy who wanted to be left alone to run his farm, except by that time there hadn't been much left of it. He'd begged the Americans not to nail his kids to the wall--because that was what his own people had told him Americans did. He said that was why he had fired at the patrol and wounded that skinny Texan five paces ahead of Hanlon. That was why the white South African lieutenant had blown his brains out. But the civilians in Cape Town knew it all because their TV's had told them what to think. "Where to?" Colman asked her. the tattoo snake. "At least take a look at his peace offering." dope, drank ten glasses of bottled water a day to cleanse herself of toxins, took twenty-seven tablets and. "How can they when there are hardly any around to start with?" Juanita asked him. "We told you--if they're like that, they don't last very long." "When I wasn't scared anymore. When I was big enough and angry enough to make it stop." Micky's. glances up at the boy and mews entreatingly. "I'm not that hung up about it," Colman insisted, not for the first time. "Maybe it is like some of the guys think, and maybe it's not. Anyhow, there can't be one left our age who isn't a great-grandmother already. Look at the statistics. ". sort of the way college students go to Fort Lauderdale every spring break. And isn't it amazing, really. "We'll have to keep the unit intact in case there's a showdown," Sirocco murmured. "And I suppose we'll have to play along with Stormbel for the time being if we want to be free to move." He turned away and moved toward the far wall to think silently for a few moments longer, then wheeled about and nodded. "Okay. Bret, you have to leave for the base right away. Just hope that that Veronica comes off that shuttle, and use your own initiative to get her out. That's all you have to worry about so, on your way." Hanlon nodded and disappeared back through the Orderly Room. "Steve," Sirocco said. "Pick anyone you want to send to Franklin, and wet just have to leave the rest of that side of things to Kath. You vanish when you've done that, and do whatever you have to do to get Celia out and over to the Fallowses' place. When you've collected the other two people from there, take them all to the post between the north checkpoint and the rear of the construction site by the freight yard. Maddock's section will be manning that sector from midnight to 0400. They know how to distract the SDs, and I'll make sure they're expecting you." Colman

nodded and tuned to follow in the direction which Hanlon had gone. "Oh, and Steve," Sirocco called as a new thought struck him. Colman stopped at the door and looked back. "You say you know Fallows fairly well?". "How long have you been living with Mrs. D?". "Can't you get it fixed?" Colman asked. "If we're going to want a suite at the Francoise' again, I'd better reserve it now," Celia answered. "Any idea how many people we're talking about?". Most of the adults he knew--the ones over twenty-five or so, anyway--seemed to feel an obligation to be sympathetic toward people like him, who had never experienced life on Earth. From what he had seen he wasn't sure that he'd missed all that much. Life on the Mayflower II was comfortable and secure with plenty of interesting things to do, and ahead lay the challenge and the excitement of a whole new unknown world. Certainly that was something no one back on Earth could look forward to..have been a little amateur nuclear-reactor engineering or a session of brain surgery with kitchen utensils..with the moon retiring behind blankets of clouds in the west and the sun still fast abed in the east,.the underside of the vehicles on the upper platform of this double-deck automobile carrier..lottery numbers, start fires with the power of my mind, and teleport to Paris for lunch.". Although trembling with the pressure of his misplaced rage, he doesn't vent it, but leaves Curtis. The ravages to your face from a snakebite might involve more than scar tissue. Maybe nerve damage..At that moment the emergency tone sounded shrilly from the companel. Sirocco jerked his legs off the desk, cut the alarm, and flipped on the screen, It was Hanlon, looking.
